

Eating Disorders, Compulsions and Addictions Service,(EDCAS) 2024/2025
Sex, Drugs & Food: What Therapy Got to do with it?
Additional Promotional Information

Course delivery format: This program is an interactive synchronous distance learning activity. Students are sent an encrypted Zoom link for the course.

Instructional educational time / CE: There are 36 sessions; 35 run from 2:00-4:00 pm and one from 2:00-4:30. The total time is 74.5 hours. However, due to factors including amount of welcome time and the ineligibility of the final class for CE, the maximum number of CE credits is 70. Continuing education credits are awarded given for classes attended. For students awarded ASWB ACE continuing education credit, they are General Credits.

Mentor consultation and optional group supervisory consultation: Please note that consultation and group supervision is not eligible for continuing education credits.

Option to attend the last class in-person instead of remotely. This is not allowed by the ACE. This class is not continuing education eligible. Therefore this class will not be CE eligible.

System requirements: In order to participate in this program, students will need access to Zoom.us. WAWI uses an encrypted version of Zoom in order to protect confidentiality.

How and when the certificate is issued: Certificates are provided after the June 13th class. Students may request certificates prior to the completion of the course for classes completed, if needed for license renewal or other reason. Certificates are both mailed and sent electronically to students in June 2025.

Instructions for requesting accommodations: Students may request special accommodations, including payment plans, partial scholarships, leaves of absences during the academic year, by writing r.herman@wawhite.org

Course completion requirements: 80% attendance is required for a Certificate of completion. Continuing education certificates will only credit class contact hours attended.

Course Learning Objectives:

1. Discuss the interpersonal perspective and its impact on the clinical issues presented in treatment of eating disorder and addiction population. Learn to utilize the interpersonal psychological approach as a framework for the treatment of patients with eating disorders, compulsions and addictions.
2. Explain awareness of the underlying issues involved with variations in the analytic frame for eating disordered, compulsive and addictive patients.

3. Explore interpersonal perspective on clinical issues related to boundary violation with the eating disorder population.
4. Utilize interpersonal psychological approach as a framework to understanding the transference/countertransference matrix in the treatment of patients with eating disorders, compulsion and addiction.
5. Explain your awareness of the underlying issues involved with variations in the analytic frame for eating disordered, compulsive and addictive patients.
6. Explain the frame and challenges to the frame in work with patients with eating disorders.
7. Explore issues of self and other within the clinical encounter with patients
8. Explain your understand of and work with body image and clothing.
9. Explore issues of identity and desire, specifically gendered identifications in the clinical encounter between patient and therapist.
10. Discuss dissociation in the clinical work with patients with eating disorders.
11. Explores issues of fathers and the paternal function in eating disorders.
12. Discuss work with shame in work with patients with eating disorders, compulsions and addictions.
13. Identify the underlying issues involved with breaches and maintenance of the analytic frame.
14. Discuss the ways in which addictive and compulsive symptoms can be seen as problematic ways of dealing with the difficulties of lived experience with a view to cultivating curiosity
15. Explain internet addiction and the use of technology mediated compulsive relationships, including the "virtual" nature of cyber sexuality.
16. Describe the effects of technologically-mediated treatment.
17. Describe one's knowledge of sexual abuse, compulsion and dysfunction are interrelated factors in understanding compulsive, 'anorectic,' and/or kinky sexual behavior, and sorting through the potential meanings of patients' sexual expression.
15. 18. Explore the clinical issues in the treatment of substance abuse (alcohol or drugs) including: How the addiction functions as an attempt to repair, the myths of addiction, affect regulation, and the concepts of mindfulness, helplessness, and powerlessness.
19. Describe the convergence of harm reduction therapy and relational psychoanalysis in treating substance misuse.
20. Examine the use of adjunct modalities in the treatment of addiction, integrating 12-step programs into a psychoanalytic therapy.
21. Explore treatment implications of cannabis use amidst cultural and legal shifts
22. Discuss the treatment of addiction in the adolescent and college student, looking at developmental conflicts, self-medication, and the social context in which this population functions.
23. Explore the interface of spirituality, with particular attention paid to mindfulness and psychoanalysis when working with patients in recovery; spirituality helps addicts connect to suffering with compassion and psychoanalysis encourages reflection and non-judgmental self-awareness.

24. Explain pathological dissociation as a means of maintaining rigid boundaries around self-states for the purpose of survival, through examining patients at the extreme end of the dissociation disorder.
25. Compare clinical couples who often present with a similarity of underlying fears and a complementary style in dealing with those fears.

Faculty/Instructor Bios

Toni Andrews Ph.D. is a clinical psychologist and psychoanalyst in private practice in the Columbus Circle area in NYC. She is a graduate of Teachers College Columbia University and the William Alanson White Institute where she is a Fellow, Psycho-therapy Supervisor and faculty and supervisor for the Intensive Psychoanalytic Psychotherapy Program. Carrie D. Gottlieb, Ph.D. 156 Fifth Avenue, Suite 1115 New York NY 10010 917-887-8614

drcgottlieb@yahoo.com

I am a licensed clinical psychologist, currently in fulltime private practice in Manhattan, specializing in the treatment of adults and adolescents with eating disorders and substance abuse issues. Additionally, I have experience working with depression, anxiety, trauma, and relationship issues and have received training in cognitive behavioral, interpersonal, relapse prevention, and DBT therapies. I completed my Ph.D. in clinical psychology at Nova Southeastern University in south FL and participated in post-doctoral training at the New York State Psychiatric Institute at Columbia Presbyterian Hospital in the division of substance abuse. Additionally, I served as the director of the day treatment program at the Renfrew Center of New York, a private facility specializing in the treatment of women with eating disorders. I completed post graduate training at the William Alanson White Institute Eating Disorders, Compulsions, and Addictions program (EDCAS), where I participated in both course work as well as individual and group supervision. Starting in the fall of 2011, I joined the EDCAS program as a member of the faculty. I am a member of the Aetna insurance panel and am an out of network provider for all other plans. I can work with patients to find an affordable fee when needed.

Elizabeth Halsted, Ph.D.

37 Washington Square West Suite 1C

NYC, NY 10011 212-777-0333 drehalsted@gmail.com

Elizabeth Halsted, Ph.D. is a graduate of Adelphi University and the William Alanson White Institute (WAWI) Psychoanalytic Training Program. She is also a Somatic Experiencing Practitioner (SEP). She is a member of the teaching faculty at EDCAS and a steering committee member. Dr Halsted is an analytic supervisor at WAWI. In her private practice she sees adults, adolescents, and couples and offers clinical supervision to therapists. She has special interests in Body Image and has written and taught on the subject.

Anton Hart, PhD, FABP, FIPA 235 West End Avenue, Suite 2E New York, NY 10023

Phone: 212.595.3704 antonhartphd@gmail.com

Dr. Hart is Training and Supervising Analyst and Faculty of the William Alanson White Institute. He supervises at several psychoanalytic institutes and at Adelphi University. The book has received the 2016 Media Award-Written by the International Society for the Study of Trauma & Dissociation and was nominated for the 2017 Gradiva Award. And his chapter, "The Interpersonal-Relational Field, Counter trauma, and Counterresilience: The Impact of Treating Trauma and Dissociation." Appears in Richard Gartner's edited volume, *Trauma and Countertrauma, Resilience and Counterresilience: Insights from Psychoanalysts and Trauma Experts*.

Michelle Kennedy LCSW-R 5 West 86th Street Suite 1A New York, NY, 10024 212-501-9171
mkennedylcsw@gmail.com

Michelle Kennedy LCSW-R has over twenty years of clinical experience providing psychotherapy and supervision at her private practice on the Upper West Side. Michelle holds a master's degree in Clinical Social Work and Post-Master's Certificate in Advanced Clinical Social Work from New York University and a Certificate in Addictions, Compulsions, and Eating Disorders from William Alanson White Psychoanalytic Institute. Having taught and worked in the counseling centers at Marymount Manhattan College and LaGuardia Community College she has a special interest in the college age population and the challenges faced at this developmental stage. Michelle has also served as Director of Counseling Services at the Learning Institute for Beauty Sciences (LIBS) working with students pursuing their license in cosmetology for a career as hairdressers and makeup artists. In all these positions Michelle provided training for teachers and guidance counselors in the developmental tasks and challenges of this age group. Michelle also works with adolescents making the transition to college and provides trainings for both parents and for local High School staff in how to best support their students during this transitional stage. Michelle's areas of interest and focus are addiction and recovery from a harm reduction and relational perspective, female ADHD and its' often-delayed diagnosis and treatment, and anxiety and depression through the relational standpoint of loss and transition during developmental stages, especially as experienced at the transition through high school to college to adulthood.

Sharon Kofman, Ph.D. 330 West 58th Street Suite 601
New York, NY 10019 Phone: 212-247-7232 Cell: 917-371-5418 skofman@bway.net

Sharon Kofman, Ph.D. is a Fellow, Training and Supervising Psychoanalyst, and Faculty member at the White Institute. She is also a Co-Director of the Russian Online Intensive Psychoanalytic Psychotherapy at the White Institute and formerly the Director of the Low-Cost Supervision Service and the Training Coordinator of the Licensure-Qualifying Program in Psychoanalysis at WAWI. She has a longstanding focus in her practice, teaching and writing on mental health issues affecting girls and women, including identity development, eating disorders, reproductive and maternal mental health issues. She has written and lectured on the issues pertaining to eating disorders among Orthodox Jewish Women. For many years she participated at the Payne Whitney Women's Program at NY Cornell Hospital and on the faculty of the Parent-Infant Program at the Columbia Psychoanalytic Center. In her private practice in Manhattan she works with adults, adolescents, couples, and parent-child dyads.

Susan Kolod, Ph.D.
330 West 58th Street #204 NYC 10019
Tel: (212) 713 0133
s.kolod@wahite.org

Training & Supervising Analyst at the William Alanson White Institute. Dr. Kolod is Chair of the Committee on Public Information at the American Psychoanalytic Association and editor of the blog, *Psychoanalysis Unplugged*. Dr. Kolod became interested in the relationship of the hormonal body to the psyche when she went through menopause herself. She also found that her patients, friends and colleagues going through menopause experienced a similar profound shift in identity and sense of self, but that there was very little attention to the impact of hormonal change in the psychoanalytic literature. More recently, her interests have focused on the menstrual cycle and its impact on sexuality and appetite and the ways in which hormone therapy affects transgender people.

Rosa Lim, Ph.D.

41 Union Square West Suite 914
New York, NY 10003 (646) 334-8128
Rosa.lim@gmail.com

I am a graduate of Derner Institute with a specialty in groups. I was part of 2008-2009 EDCAS class and am now a member of the EDCAS Steering Committee. Since 2001, I have worked extensively with young adults and adults in college and university counseling setting. Currently, I am at Juilliard Counseling Services and have a private practice specializing in eating disorders and cross-cultural development/identity issues.

Alizah Lowell, LCSW-R, CEDS-S

Address: 317 Harrington Avenue Suite 8
Closter, NJ 07624
Email: Alizah@AKL-Therapy.com Phone: 646-543-8858

Alizah K. Lowell, LCSW-R, CEDS-S is a psychotherapist and psychoanalyst in private practice in New York and New Jersey. She is a Certified Eating Disorder Specialist and Approved Supervisor/Consultant for the International Association of Eating Disorder Professionals (IAEDP). Alizah completed her psychoanalytic training at WAWI where she is on the faculty, a Supervisor of Psychotherapy and a member of the steering committee for EDCAS. Sarah Schoen, Ph.D.

1133 Broadway, Suite 1600 New York, NY 10010
212-877-8200 (office)
seschoen@me.com

I am a clinical psychologist and psychoanalyst in private practice in Manhattan's Flatiron District. I am on the faculty at the New York University Postdoctoral Program in Psychoanalysis and Psychotherapy, Training and Supervising Analyst at the William Alanson White Institute; Faculty and Supervisor at White's Eating Disorders, Compulsions and Addictions Program; and invited faculty at the Columbia Psychoanalytic University Center for Psychoanalytic Training and Research. I teach and write about the clinical implications of the relational turn, narcissistic states in patient and analyst, complex trauma, and the gendered meanings in transference-countertransference matrices. I am on the editorial board of *Contemporary Psychoanalysis*.

Steven Tublin, Ph.D.

19 Hudson St., #204 New York, NY 10013
(212) 941-5740 stublin@me.com

Steven Tublin, Ph.D. is a training and supervising analyst at the William Alanson White Institute and on the faculty of the NYU Postdoctoral Program in Psychotherapy and Psychoanalysis and the Institute for the Psychoanalytic Study of Subjectivity. He is the author of articles on contemporary psychoanalytic technique, the use of music and literature in clinical inquiry, and the interface of politics and psychoanalysis. He serves on the editorial board of *Contemporary Psychoanalysis* and is an associate at Upstart Logic, an organizational consulting firm. He is in private practice in New York.

Tom Wooldridge, PsyD, ABPP, FIPA, CEDS-S Chair Dept of Psychology
Golden Gate University
536 Mission St, San Francisco, CA 94105
(415) 442-6618 (academic office) 1760 Solano Ave., Ste. 306 Berkeley, CA 94707
www.tomwooldridge.com
(510) 982-1852 (clinical office) tw@tomwooldridge.com

I am an Associate Professor in the Department of Psychology at Golden Gate University as well as a psychoanalyst and board-certified, licensed psychologist. I have published journal articles and book chapters on topics such as eating disorders, masculinity, technology, and psychoanalytic treatment. I have also published a number of books including, *Understanding Anorexia Nervosa in Males: An Integrative Approach*, *Psychoanalytic Treatment of Eating Disorders: When Words Fail and Bodies Speak*, an edited volume in the Relational Perspectives Book Series, and the forthcoming *Eating Disorders (New Introductions to Contemporary Psychoanalysis)*. I am on the Scientific Advisory Council of the National Eating Disorders Association, Faculty at the Psychoanalytic Institute of Northern California (PINC) and the Northern California Society for Psychoanalytic Psychology (NCSPP), an Assistant Clinical Professor at UCSF's Medical School. At present I am licensed in California and New York and offer services both in-person (in Berkeley, CA) and via telehealth. I do not accept insurance but am occasionally able to offer sliding scale services. I am especially interested in supervising clinicians who are interested in developing their psychoanalytic thinking about eating disorders.
